"Our elevators do not belong to the grain commission, and the Vancouver Harbour Board," said Mr. Beattie.

Mr. Beattie emphasized the point that the Vancouver elevators belonging to the grain commission do not handle only the top grades of grain, and that the lower grades of all qualities, and what is more important, "we handle them cheaper than at any other port in Canada."

NOT CONSTITUTIONAL SPEAKER DECLARER

Similar Criticism is Also Given by T. C. Norris, Leader of the Liberal Party.

WINNIPEG, Feb. 3.—Contingencies of the form in which, he believes, the government proposed to place the new legislation, he said, in the period ending April 20, 1925, before the house, was challenged by W. Sanford-Evans, member of the Manitoba legislature, yesterday.

Mr. Sanford-Evans said that the form in which the estimation had been placed before the house presented a very serious constitutional issue, even to the attention of the legislature.

The speaker retorted, "I expect you will say that it is unconstitutional to place the bill before the house and a quarter million dollar estimate made by the house has section to cover the bill." Mr. Sanford-Evans said, "I do not think that the bill, as it stands, is constitutional."
